----- Mostly ABC Dictionary Facts is suitable for KS1/KS2: it has been written in an easy clear way and illustrated with beautiful photos (under CC0 License), to learn the English alphabet, its sounds and some simple real facts. It can be really useful and handy, also for older children and teenagers in its bilingual versions in Spanish and in Italian. Moreover youngest children can learn the difference between capital and small letters. In this special edition, it can be considered an activity book exercises, because it encourages directed drawing and colouring in the space left blank below each picture.
