

Christmas Honey

After finding not a plate of cookies but a jar of honey in a sleepy Colorado home, Santa Claus suspects a beekeeper may live under its roof. In this Rocky Mountain twist on a Christmas classic, Denver beekeeping teacher and bee rescuer Gregg McMahan, known locally as the Bee Guru, creates a tale of holiday cheer for beekeepers in Colorado and everywhere. With fourteen beautifully hand-painted illustrations by sister and brother team Mollie and Stephen Schultz, Christmas Honey is a loving tribute to honeybees, beekeepers, and anyone who appreciates the unmistakable goodness of honey.
