

THE ENJELLA® ADVENTURE SERIES: Storming Back to Key West (The Enjella Adventure Series Book 2)

Freed from the constraints of the Tooth Fairy regime, Enjella appears at Abigail's elbow and whisks her away on a magical adventure. Joined by friend Fairy Alicia and Abigail's brother, Bennett, they travel to Key West, Florida to do some exploring. Fun and surprises await in their moonlight frolic on the beach. The Key West Lighthouse catches the Fairies' attention and they decide to teach the children its history. But the Fairies are not very interesting teachers, until the explorers become more than tourists. The Fairies twist time and bring the quartet back to the Key West hurricane of 1835. High winds, rough seas and the light keepers' difficult job conspire to create the perfect tempest. Is Enjella's magic strong enough to steer them all safely through the storm? Hold on to your hats, you are in for a windy voyage through time and a hurricane, as history and adventure intertwine to create a story of historic proportions.
