

Oxford Mini School French Dictionary 2007

The Oxford Mini School French Dictionary is the perfect bilingual dictionary for pupils learning French. The two sides of the dictionary are clearly divided into French-English and English-French, with an essential verb table list in the centre. The headwords are carefully selected to suit beginners, and particular attention is given to computing, word-processing, and ICT terms. In line with syllabus requirements, there is a special section dedicated to vocabulary and phrases on French life and culture. The simple layout, the alphabet down the side of each page, and the large clear print will help pupils navigate around the dictionary and take them straight to the translation they are looking for. This dictionary comes in a handy mini-size format with a durable vinyl cover.
