

## The Poet in You

A poem is like a butterfly. A moment seeds itself inside us. A memory. An experience when we saw, we felt, perhaps even, we knew. There is a poet in all of us. However unknown or neglected that part of us may be, it is there, often just waiting for the right conditions to present themselves. Jay Ramsay presents a workbook which guides you into writing poetry? a unique exploration and synthesis between poetry and personal development. Specially designed for people who may be longing to write, as well as those who already are, Ramsays particular gift is to teach poetry primarily from inspiration and imagination rather than intellectual technique.
